

Office of the Attorney General
Washington, D. C. 20530

March 31, 1981

MEMORANDUM

TO : William J. Casey
Director
Central Intelligence Agency

FROM : William French Smith *WFS*
Attorney General

SUBJECT: Confirmation of Points Agreed to at
White House Meeting on March 2, 1981

As you know, a document entitled "National Security Decision Directive 2" and dated February 25, 1981; which sets forth the structure of the National Security Council, was distributed at a meeting of the NSC on March 26, 1981. In this connection, I thought it would be useful to confirm the points that were agreed to at our meeting at the White House on March 2, 1981, concerning the functions of the Senior Interagency Group - Intelligence (SIG-I). The points were:

- (i) The Attorney General would receive, prior to each meeting of the SIG-I, an agenda of the matters to be considered and, if he wished to do so, could attend the meeting.
- (ii) The matters discussed at the White House on March 2, 1981, would be reconsidered if our experience with the new structure of the NSC and subsequent events indicate that reconsideration is appropriate.
